

Title 35.IV.06 Chapter 04 Water

- 100 Levy
- 101 Sales to consumers of potable water and services related thereto by rural water associations, municipalities, privately owned businesses, stock companies or any other persons are taxable at the regular retail rate of sales tax, except as otherwise provided.
- 102 Sales of potable water and services related thereto are exempt when sold to a church that is exempt from federal income taxation under 26 USCS Section 501(c)(3) and is utilized on property that is primarily used for religious or educational purposes.
- 103 Sales of potable water and services related thereto are exempt when sold for residential, noncommercial or non-agricultural use. In order to qualify for the residential exemption, the water must be sold to, billed to, and paid for by the homeowner or resident of the facility. Water included in rent will be considered residential. A vacant apartment will not be considered residential. Residential customers may include, but are not limited to, privately owned hunting and fishing camps, summer homes, cabins, or apartments. Charges billed to a homeowner's association for use in areas such as, but not limited to, swimming pools, clubhouses, sprinkler systems are taxable at the regular retail rate of 7%. Hunting or fishing camps that provide hunts and/or accommodations for a fee are not allowed the residential exemption and are subject to the regular retail rate of 7%. Vacant apartments with water being billed to the apartment complex or manager are not eligible for the residential exemption. Private homes or residences owned by a business or corporation that are used for commercial purposes and that may be used to provide overnight stay on a temporary or transient basis are subject to the regular 7% rate of tax. Such common establishments include bed & breakfast facilities. Any apartment or home that may have mixed usage (residential/commercial) must be taxed at the higher 7% rate unless there is a separate meter for the business (ex. Business shop, poultry farm, commercial barn, repair garage, etc.). This does not include individuals who maintain a home office. The regular retail rate of tax applies to all other sales. The industrial rate does not apply to water sales as in sales of electricity and natural gas.
- 104 (Reserved)
- 200 Gross Income
- 201 Sales of appliances and services related to the installation or servicing thereof as well as sales of any other merchandise to residential consumers are taxable at the regular retail rate of tax. This includes accommodation sales and sales to employees.

202 All receipts from customers, paid in advance or after the fact, including complete grants, which are not refundable or which are not investments in marketable equities are considered to be part of the service rendered by the water utility and are included in gross income and taxable in the class in which they fall.

203 Various income accounts are classified as follows:

203.01 Taxable:

1. Charges for line extension;
2. Charges for setting or installing meter;
3. Connection charges, including sterilization, inspection fees, tap on fees, etc.;
4. Non-refundable membership fees;
5. Penalty for late payment - forfeited discounts;
6. Plumbing services on customer's property;
7. Reconnection charges; and
8. Water sales, including fire protection sprinkler charges.

203.02 Any of the above charges made to a residential customer are exempt when billed by the utility company. Any charges for the above listed services performed by a plumber are taxable pursuant to Miss. Code Ann. Section 27-65-23. Any charges for line extensions or relocations made during construction of a residence when billed to the contractor are taxable at the regular retail rate of tax. Charges for water billed to the contractor for temporary use during construction is also taxable at the regular retail rate of tax.

203.03 Nontaxable:

1. Grants in Aid of Construction (Government, private foundations, or disinterested parties);
2. Investment income;
3. Meter deposits (refundable);
4. Permit charges on plumbing installations;
5. Real estate rentals;
6. Refundable membership fees;
7. Reimbursement for line relocation;
8. Sales of potable water for residential use;
9. Sales or exchanges of water between public utilities;
10. Scrap sales; and
11. Sewage charges if separately itemized.

204 (Reserved)

300 General

- 301 Distribution of Sales Tax by Cities must be completed as part of the sales tax returns by water companies.
- 302 Purchases of equipment, chemicals and other supplies by privately owned water systems are taxed at the regular retail rate of sales or use tax except that purchases of chlorine, sodium fluoride or other chemicals which, after being added, will remain in the water to the point of the sale for ultimate use are exempt from sales tax. Purchases of tangible personal property and services which are used in the ordinary and necessary operation of nonprofit water associations or corporations and municipally owned and operated systems are exempt from tax.
- 303 All other sales and purchases claimed as exempt must be substantiated by sales invoices or other records approved by the Commissioner.
- 304 (Reserved)
